School Photos

School photograph proofs will be coming home next week. Please ensure your order is returned by Friday 9th November.

This week saw the whole school (187 people including adult helpers) board 4 coaches to the Railway Museum in York.

We had a fabulous day exploring all the museum had to offer including sitting on the Bullet train, taking part in a Need for Speed workshop, waving at trains arriving and departing at York Station, watching repairs being carried out in the workshop and some of us even caught a glimpse of the world famous Flying Scotsman!

A big thank you to all the volunteers who joined us – we could not run these trips without you.
